COLLEGE GUARDIANS

Your Child The most important person in the world

Statement of aims, principles, and practice.

College Guardians is a BSA Associated guardianship organisation and an AEGIS Gold Standard accredited guardianship company established in 2010 offering a wide range of high-quality educational services for children and students studying in the UK whose parents are based abroad. We understand that the safety, wellbeing and happiness of your child is of the utmost importance and recognise this as our overriding priority. Through our comprehensive and personal service, we want to ensure that you are happy and confident that your child is being cared for by our guardians, as you would care for your own children.

The team at College Guardians recognise the importance of working together to build strong relationships between parents, children, schools, colleges, host families and teachers. We spend time working with all parties on both a formal and informal basis, ensuring that regular feedback is given and addressing any concerns or issues that may arise, meaning that you can feel assured that your child is fully supported.

College Guardians provide an emergency service during school term time, whilst your child is in the care of one of our host families and during the time they are travelling to and from school, so whatever the circumstances you can be confident that your child is being cared for.

We work with or have worked with up to 60 schools and colleges across the UK and continue to grow our successful network.

We understand that all children are unique and have different needs. College Guardians are happy to discuss any additional requirements that you may have for your child.
